

### **Biography – Art Hansen, Vice President**

Art Hansen is an anthropologist who focused on how people in different countries earned a living and coped with displacement and crisis. His career of university teaching and international research and consulting included living and working in Africa for 12-14 years, in Latin America for four years, and in Asia for a year. After moving to Georgia and our neighborhood 25 years ago, he wrote “Black and White and the Other: International Migration and Change in Metropolitan Atlanta” and chaired the Georgia State Advisory Council on Refugee Resettlement. His final major project was directing a five-year study of child labor in India, Pakistan and Nepal, after which he decided to focus his attention on the local issues and environment of North Briarcliff.
