

Biography – Larry Foster, Member at Large

Larry Foster is an emeritus American historian at Georgia Tech whose major work has focused on understanding the role of religion and social reform movements in American society. Larry is a former president of the NBCA, and he has continued to be active on the NBCA Board since then. He and his family have lived in the NBCA neighborhood since 1986. Larry is also the Communications Director for PDK Watch Inc., www.pdkwatch.org, a civic watchdog group that seeks to protect established residential neighborhoods near PDK Airport (the second busiest airport in Georgia after Hartsfield-Jackson) from damaging airport noise, pollution, and expansion. What happens at PDK can significantly impact residents in our North Briarcliff neighborhood because the airport is located about two miles from us as the jet flies.
